

EZ Connector[®]

EZ Connector[®] is a revolutionary duct connection system that can significantly reduce installation time and labor over traditional duct assembly. This innovative system is the first and only corner system on the market that allows the contractor to fasten a patented locking bolt using a cordless impact driver.

The teardrop shaped cut out of the corner with the proprietary bolt pull the connection together and lock it in place without the use of a nut, using a convenient cordless impact driver.

Pictured above is the TDF[®] EZ Corner & 1" bolt.

Self-piloting screw tip of the bolt self-aligns the corners and ductwork, eliminating the need for an alignment tool and clamping. 1-1/2" bolt shown.

EZ Connector TDC/TDF Corners

These precision engineered and stamped TDC and TDF corners can be used in automated corner crimping machines with traditional Cornermatic® Classic, Cornermatic® Combo, and the revolutionary Cornermatic® Plus™.

- EZ Corners feature a patented "teardrop" shaped hole that locks the bolt in place, eliminating the need for a nut
- Also appropriate for manual insertion

EZ Universal C/F Corner

The EZ Universal C/F Corner is compatible with TDC and TDF connections, and is designed for heavier gauge duct. The wider inside corner easily accommodates the Pittsburgh joint.

- Versatile corner that eliminates the need to stock multiple corners!
- Designed for heavier gauge duct

EZ Connector Quad Corner

The EZ Quad Corner is compatible with Dyn-O-Mate J Flange, and most other brands of flange duct connection on the market. This corner eliminates the need to stock multiple corners.

- EZ Corners feature a patented "teardrop" shaped hole that locks the bolt in place, eliminating the need for a nut
- Versatile corner that eliminates the need to stock multiple corners!

EZ Connector Bolts

This patented bolt is specifically designed for use with EZ Connector corners. It acts as an alignment tool and a locking nut during installation when used with the teardrop EZ Corner. Available in 1-1/2" and 1" sizes.

- Patented extra-high drive head bolt with built-in washer
- Features a self-piloting screw tip that aligns the corners eliminating the need for an alignment tool and duct clamping

Swivel Impact Nut Driver

The one-piece Swivel Impact Nut Driver features a built in magnet that keeps the EZ Connector Bolts securely in place during assembly. The head swivels for added flexibility into tight spaces. Sold separately.
