

MAGNETIC PITTSBURGH LOCK OPENING TOOL

The Magnetic Pittsburgh Lock Opening Tool is used to open a longitudinal seam used in the fabrication of sheet metal ductwork.

PATENT PENDING

FEATURES:

- Heavy duty hardened steel
- Strong magnet secures tool to ductwork, keeping tool close at hand
- Wide face reduces marring exposed ductwork along the leading edge of the female side of the Pittsburgh lock
- Yellow color is highly visible, less time searching for the tool you need
- Ergonomic design helps lessen hand fatigue during use
- Perfect for radius elbow & speciality metal ducts
